TOWN COUNCIL

The Council met on Monday evening

last.

Present—Couns. McPhail, Mair,

McDonald, Goodfellow, and Knox.

Coun. Mair in the chair.

Knox-McDonald—Whereas the R. L.

L. and S. railway has been completed to

Prince Albert, and the people of this

district have done and are still making

every effort to induce immigrants to

locate in the surrounding country.

Whereas no preparations have yet been

made to accommodate the large number

of immigrants that will in all probability

arrive here early in the coming spring,

this council deems it necessary that a

suitable site be selected and necessary

buildings erected thereon for the

accommodation of those families that may

seek homes in this district.

Resolved, that the Hon. John Carling,

Minister of Agriculture, be requested to

take immediate steps to procure a site

and erect suitable buildings thereon for

the accommodation of those seeking homes

for themselves and their families in this

part of the Territories.

And that this resolution be presented

through D. H. McDowell, M.P., with a

request that he will forward the same to

the Hon. Minister of Agriculture, and

do all in his power to carry out the de-

sire of this Council. Carried.

McPhail Knox—That the managers

of the Presbyterian Church be requested

to furnish a legal description of the

property being purchased by the town to

the Town Solicitor in order that a sat-

isfactory transfer of said property be com-

pleted. Carried.

Goodfellow McPhail—That the Mayor

be instructed to notify the collector that

the collectors roll must be returned by

the 1st December. Carried.

CONSIDERATION OF BY-LAW.

A by-law to close a lane in Block J.,

river lot 77; a by-law to restrain and

regulate the running at large of dogs, and

a by-law respecting transient traders,

hawkers, and pedlars, were read a third

time and passed.

The Council then adjourned.

DUCK LAKE.

After an extended trip through the

eastern provinces, your correspondent

has got back to Duck Lake, and mighty

glad it is, too. They had some terribly

cold weather down there.

Our new town is booming. On step-

ping off the case, I was greatly surprised

at the progress made. We have two fine
hotels—one as large as your Queen's—a
restaurant, drug store, two stores, five
residences and Massey & Co's iron ware
rooms and offices for Saskatchewan. It
would do you good to see how con-
nected our German friend St. Louis is since he
got into the new building.

Large quantities of fish are being ship-
ped east from here.

D. H. McDowell, M.P., is advertised
to address the electors on Thursday.

Key. Mr. Morin is in the district look-
ing up suitable locations for immigrants
in the spring.

We regret to learn our friend John
McKenzie, the miller, is leaving us to take
a position in Van Loven's mill. Jack is
a good old head.

Mrs R. S. McKenzie leaves on Thurs-
day for her old home in Ottawa. She
will be missed.

John Dallas, assessor for the Protestant
School, has finished his work. The
assessment amounted to \$49,500. As
soon as the Court of Revision is over, it
is the intention to open the school.

Capt. Dougall, who returned from the
Peace River a short time ago, is hard at
work putting up a butcher shop.

Among those registered at the Duck
Lake House this week were—Major Hory
M. L. A., Red Deer; Mr. Deihl, G. Carter,
D. Sison, Carlton; Geo. Fisher, X. Bu-
tche and Louis Maries, Batoche.

A. Fenton, D.L.S., spent a few days
in this town last week.

Mr. Nesbitt's new hotel was opened
last week. Great convenience for citizens
and travellers.

FRIDAY, DEC. 12, 1890.

The session of the North West legislature, which has just been brought to a close, will be remembered as an eventful one. Much opposition has been shown to the Governor and his advisory Council. Yet nothing has been done which the Territories Act does not sanction. In his interpretation of the Territories Act the Governor has been sustained by the Minister of Justice, and is therefore bound to follow his interpretation until some higher authority has shown another to be the true one. From the Governor's closing address it may be inferred that changes in the Territories Act will soon be made which will in some measure pacify the majority of the Assembly. In his address he says that he has always been in thorough accord with their contention, that they are entitled to control—through an Advisory Council possessing their confidence—the expenditure of the Territorial revenues. From the fact that no council, which would not claim for the majority the control of the Dominion funds, would possess the confidence of the majority, it has been rendered necessary for the Governor to retain advisers who do not possess the majority's confidence. Not only this Council, but no Council which would not make these claims, would possess the majority's confidence. The reason why these claims have not been made have already been explained by the Governor. It is therefore altogether unjust to make charges against the Governor and his Council which have not any foundation. Seeing that the provisions of the Territories Act have been complied with, it is the duty of the members who are dissatisfied to seek redress for their grievances otherwise than wreaking their vengeance on the Governor and his Council.

The pension list of the United States is fast swelling in its colossal proportions. It is said that with the appropriation to be made at the next session of Congress it will exceed \$200,000,000, a sum almost seven times the total expend-

iture of the Dominion. The advisability of a general income tax to provide for the enormous list is being discussed, and resumption of direct taxation of the necessities of life is actually hinted at.

Thirty years ago Russia supplied two thirds of the wheat imported into Great Britain. Then gradually the United States rose to first place as a source of supply, and Russia's proportion of the total import became insignificant. Of late there has been a tendency to a reversion to the old order of things. In 1881 the United States supplied 64.05 per cent. of the British import and Russia only 5.75. In 1887 the percentages were respectively 61.45 and 7.51. But in 1888 Russia's supply suddenly rose to 22.92, while that of the United States declined to 36.69. The following year the figures, which in this case, however, do not include flour, were: United States, 29.04; Russia 36.38.

The Canadian fast steamship projects create great interest in Britain. The London correspondent of the *Edinburgh Scotsman* asserts: "I am informed on fairly good authority that the statement that the contract for the new fast mail service between England and Canada has been given to any company or syndicate is somewhat premature. Three tenders were sent in as the result of the recent advertisement, and one of them is favorably regarded by the Dominion Government. It is believed that the tender in question is that made by the syndicate with which Lord Harrington is connected, and which is practically the Naval Construction and Armament Company of Barrow. That firm is building the steamers for the subsidized Canadian Pacific service between British Columbia and Japan and China. The delay in the completion of the contract is said to be caused by the desire of the Government to include the proposed Australian service from Vancouver in the arrangement. This proposal if it is true of course widens considerably the scope of the original tender, and the various Australian colonies must be consulted before the matter can be settled. If they are willing, however, to supplement the subsidy, Canada is willing to give to a reasonable extent, there is no doubt that the contract will soon be made and that before long we shall have fast steamers both on the Atlantic and the Pacific, opening up new means of communication between the mother country and the great colonies of Canada and Australasia."

The third great Word Competition for the "Canadian Agriculturist and Home Magazine," Canada's great and popular Home and Farm Journal, is now open. The following magnificent prizes will be given free to persons sending in the greatest number of words made up out of the letters contained in the two words "The Agriculturist": 1st. Prize, \$1000 in Gold; 2nd Prize, \$500 in Gold; 3rd Prize \$1000 Grand Piano; 4th Prize \$500 Piano; 5th Prize, \$300 Organ; 6th Prize Ticket to England and return; 7th Prize Lady's Gold Watch; 8th Prize, Gent's Gold Watch; 9th Prize, China Tea Set; 10th Prize, Hunting Case Silver Watch; 11th Prize, Boy's Silver Watch, 55 prizes of \$10 each, 50 prizes of \$5 each, 100 prizes of \$2 each, 200 prizes of \$1 each, Making a total of 386 prizes the value of which will aggregate \$5000. The Grand Word-Making Competition is open to everybody, everywhere, subject to the following conditions: The words must be constructed from the two words, "The Agriculturist" and must be only such as may be found in Webster's Unabridged Dictionary and in the body of the book, none of the supplement to be used. The words must be written in ink on one side of the paper only, and numbered in rotation, 1, 2, 3, and so on to the end of

the list for facilitating in deciding the winners. The list containing the largest number of words will be awarded first and so on in the order of merit. Each list as it is received at the office of the Canadian Agriculturist will be numbered and if two or more tie on the largest list the first received will be awarded first prize, the next second and so on. Therefore the benefit of sending in early will readily be seen. Each list must be accompanied by \$1 for six months subscription to the "Canadian Agriculturist." One person can send in one or more list, accompanying each list with \$1 for which the paper will be sent to any address for six months. The best family paper in Canada. It is by no means a new paper, but has been established upwards of seven years and each year grown in the estimation of the subscriber. It contains no trashy, highly colored fiction, but has interesting stories of a higher class by the most popular authors of the day. It is eminently the paper for the home circle; at \$2 a year it is the cheapest and best paper in the market. This competition will commence now and remain open for three months. Remember you are paying \$1 for six months subscription to one of the best home papers in Canada and at the same time run a good chance of winning a valuable prize. **Everyone** sending a list of not less than twenty words will receive a present.

GENERAL NEWS.

Chicago, Nov. 20.—Five of the Irish delegates, John Dillon, William O'Brien, T. P. O'Connor, T. D. Sullivan, and T. P. Gill have decided to join in the demands of those of their colleagues in Ireland who call on Parnell to retire from the leadership of the Irish party. This decision was embodied in a manifesto which was cabled to-night to Justin McCarthy as vice chairman of the Irish parliamentary party. The decision will be placed before the meeting of the Irish members to be held in London to-morrow afternoon. Timothy Harrington is the only one of the delegates to stand by Parnell.

London, Nov. 29.—The manifesto of Parnell is regarded by the politicians of all parties as ending the Irish home rule movement for the present. That is the feature of controversy most prominent in the public mind, the question as to whether or not Parnell will retain the leadership being secondary. John O'Connor, one of Parnell's adherents in the Irish parliamentary party, stated to-day that his chief has received despatches and letters from all parts of Ireland urging him to hold his post and resist the dictation of the English Liberals.

The revolt against Parnell now includes beyond a doubt, a majority of the Irish members. This is all the more significant in view of the dictatorialship which he has exercised over them. No leader who followed more submissively and who always courteous, he was always absolute. Parnell has selected every man of his party, and he has been extremely cautious in selecting not to elevate anyone in such a way as to imperil his own authority.

It is now thought doubtful if Gladstone will appear in the house the coming week. The veteran statesman has aged more during the past few days than in the past two years and his friends very much fear the strain upon him. His 81st birthday will be celebrated one month from to-day.

The Pall Mall Gazette says Parnell intends to start for Ireland to-night in order to evade the demands declared by the Parnellite members of the house of commons on the question of the leadership. If a vote is taken on Monday, Parnell will test that portion of his followers who remain attached to him as the real Irish party, and will cut the dissenters off. Forty-four members receive pay through Parnell who retains absolute control of the fund for the payment of Irish members.

Mrs. O'Shea is stopping at Brighton with her four daughters. Parnell was with her there during the recess. He also returned there after the trial. Parnell is expected at Cork to-morrow.

Washington, Nov. 30.—The second session of the fifty first congress will begin to-morrow. At precisely 12 o'clock Vice-President Morton in the senate and Speaker Reed in the house of representatives, will call these two houses to order. The roll will be called and three new members will be sworn in.

Halifax, N. S., Nov. 30.—The Annapolis train had a clergyman slugged on board yesterday. Rev. Mr. Brown temporarily in charge of the Episcopal Church at Middleton, unprovokedly assaulted G. R. King, a divinity student at Wolfville, breaking his nose and blackening both of his eyes, because he sat on his hat. Rev. Henry J. Howe condemned the performance, of which he was a witness, and will report it to Bishop Courtney if Brown does not. The car floor was covered with blood from King's wounds, and there was extreme indignation among the passengers. Brown left the train at Middleton.

Coburg, Nov. 30.—Edward Braithwaite, son of George Braithwaite, of Goose Landing, broke through the ice on Rice Lake while skating yesterday and after a desperate struggle was drowned. A young man, McAllister, went to his assistance also broke through and had a narrow escape. Braithwaite was twenty years of age and formerly resided here.

Regina, N. W. T. 30.—In an issue of the Regina Journal yesterday C. J. Atkinson, editor and proprietor, announces that about the New Year the management of the Journal will entirely change. It is understood Mr. Atkinson is disposing of the paper and plant and will go east to engage in other work.

Ottawa, Nov. 30.—It is understood that the removal of the quarantine regulations against hogs entering Mani-

toba from the United States, mentioned in the last issue of the Canada Gazette, is due to the scarcity of these animals in the province. As there is doubtless some damaged grain in the province it will pay farmers to use it by feeding these hogs when it could not otherwise be profitably disposed of.

Halifax, Nov. 30.—Angus McDonald formerly of Antigonish, Alex. McRae, of Cadzoy, and B. Walsh, of the Bay of Islands, all employed at Sandy point, Nfld., left Sandy Point in a large sail boat for Steveston, and the next day the boat was found floating with the bow out of water, the stern being kept under by a portion of the ballast. Up to the time the steamer Harlow, which has arrived here to-day, none of the bodies had been found.

Ottawa, Nov. 30.—The writ for the election of the Dominion parliament in South Victoria, which became vacant through the death of Hudson, has been issued. The nomination takes place on Dec. 11th, and polling a week later. Ernest D. Orle, of Lindsay, will be the returning officer.

Berlin, Ont. 29.—E. W. Boye, postmaster of Rideau, who was arrested yesterday on a charge of tampering with the mail, pleaded guilty to-day before Judge Lacourse, who let him go on suspended sentence on account of his previous good character.

Mount Forest, Nov. 30.—Wm. Coult has been committed for trial on a charge of murdering his two year old child. He told the neighbours that a farmer had adopted it, but its body was found in an old cistern, the lid of which was on.

Guelph, Nov. 30.—Through the accidental discharge of his gun yesterday a portion of the upper forepart of the skull of A. B. Douglas, a young man, was blown away.

Rice Lake, Wis., Nov. 29.—Two daughters of Nels D. Sahr were drowned by breaking through the ice at DeSair yesterday morning.

Berlin, Nov. 29.—Eighty-seven bodies have been found in the flooded area of the Bruce Mining Co. Seventy-eight miners were rescued alive.

Ottawa, Nov. 30.—The minister of justice has issued his warrant for the extradition of Wm. Birch now in custody in Montreal and wanted in the States for embezzlement.

Toronto, Nov. 30.—The students of Toronto University has formed a lawless club with the intention of sending a team to the O.C. Country next year.

Duluth, Minn. Nov. 29.—The private bank of Hall & Co. closed its doors this morning temporarily. In a run \$30,000 of the \$70,000 of the deposits were withdrawn. When the cash was exhausted Hall addressed the crowd and told them he could pay no more cash. No runs have been made on the other banks.

Different kinds of people. In every community there are always discriminating people who invariably get the very best value for their money. Whether it is in house hold furniture, clothing, or any other line, these people will get the best goods at the same price as their neighbor gets inferior articles. Of course the results always proves the shrewdness and wisdom of the discriminating people referred to. It is a money making discrimination. In the same way people of good judgment are readers of the FAMILY HEARLD AND WEEKLY STAR, Montreal. The knowing ones are aware of the great value of the FAMILY HEARLD AND WEEKLY STAR in the family. They know it is reliable, because in each department it is edited by the best men that money can secure and the result is they have a satisfactory paper, a well informed paper, a real authority upon all the questions that interest the majority of mankind. The FAMILY HEARLD AND WEEKLY STAR, Montreal, has an universal circulation.

Many of our papers are giving great inducements just now and this appears to be the best we know of. We have not room to fully explain the project, but our readers can learn full particulars by sending a three cent stamp to B. C. Beach & Co., Iroquois, Ont. There is a splendid opportunity of getting a ladies journal, a farm journal, a poultry journal, a good semi monthly paper for the home, together with a good prize in solid cash, for the small sum of one dollar. It will pay our readers to send a three cent stamp to B. C. Beach & Co., Iroquois, for particulars of cash prizes and description of each journal.
